## GREEN-PRO STAINLESS STEEL CLEANER AND POLISH

Vegetable solvent based stainless steel cleaner and polish

### DESCRIPTION

**CASTLE STAINLESS STEEL CLEANER AND POLISH** represents one of the new generation of Castle 'Green Pro' range of products. Derived from natural and vegetable sources. A light yellow clear liquid; **CASTLE STAINLESS STEEL CLEANER AND POLISH** is an economical, non-flammable, bio based, environmentally sound product that can replace many common petrochemical (mineral oil) based products.

**CASTLE STAINLESS STEEL CLEANER AND POLISH** contains no acids, water, silicones or abrasives; will not cause spotting or streaking; and resists fingerprints. **CASTLE STAINLESS STEEL CLEANER AND POLISH'S** neutral pH solvents rapidly cut through grease and grime while maintaining a safe employee environment. It leaves a high gloss, fingerprint resistant, protective shine, on all solvent resistant surfaces.

Supplied as either a 4L container of **CASTLE STAINLESS STEEL CLEANER AND POLISH** with 2 jet spray application bottles or 6 x 750ml RTU spray bottles and triggers, all you need for sparkling stainless steel finishes!

### ADVANTAGES

**CASTLE STAINLESS STEEL CLEANER AND POLISH**, cleans and polishes in one easy operation. Resists finger printing and masks surface blemishes on stainless steel, chrome and architectural aluminium. Natural vegetable derived solvents clean the surface of the metal and also provide a protective film on surfaces keeping them in new condition year after year. Being naturally derived, the solvents in **CASTLE STAINLESS STEEL CLEANER AND POLISH** offer a natural alternative to petroleum products and also quickly degrade in the environment.

### DIRECTIONS FOR USE

**DILUTION:** **CASTLE STAINLESS STEEL CLEANER AND POLISH** is ready to use and requires no dilution.

**USE ON:** Stainless steel, aluminium, copper, brass, carbon steel and all other surfaces not harmed by solvents.

**APPLICATION:** Apply a light coat directly to a clean cloth and wipe surface. Use sparingly. Polish and remove any excess with a clean dry cloth. No rubbing is required. For heavy soils, spray and saturate surface. Allow a few minutes dwell time, then wash or wipe soil away. Repeat as necessary.

**CAUTION:** Do not use on 'non solvent safe surfaces'. Do not use on plastics or painted surfaces, will haze or damage many plastics. If in doubt, test on an inconspicuous area first.
