

# Semak Vitablend Stick Blenders

Semak Vitablend Stick Blenders are European ergonomically designed commercial blenders with powerful industrial motors, interchangeable shafts, safety switch & variable speed. Preferred by the health industry for their light weight & ergonomics, the Semak Vitablend Range is your perfect kitchen companion for mixing and whisking.

Robust and durable, the Semak® Vitablend range has been built tough to withstand the demands of high volume kitchens. Available in a range of sizes with various attachments to meet the needs of the modern commercial kitchen.
